

SC seminar on Climate scenarios, impacts and uncertainties

Tuesday, 1 March 2011, 13:00-18:00, EEA, Auditorium KN8

Preliminary agenda

THEME 1: Chairperson N.Pinardi

- | | |
|-------------|---|
| 13:00-13:10 | Short introduction to the Seminar Structure –
N. Pinardi |
| 13:15-14:00 | Keynote Speaker: Dr Sylvie Joussaume, CNRS,
Institut Pierre Simon Laplace
<i>Climate scenarios with global climate models: dealing
with uncertainties</i> |
| 14:00-14:15 | Discussant : Prof Matthew Collins, University of
Exeter (via Webex)
<i>Techniques for dealing with uncertainties in climate
projections</i> |
| 14:15-14:30 | Discussion |

THEME 2: Chairperson (TBD)

- | | |
|-------------|---|
| 14:30-15:15 | Keynote Speaker: Prof Hans Von Storch, Institute for
Coastal Research of the Helmholtz-Zentrum
Geesthacht - Zentrum für Material- und
Küstenforschung
<i>Regional climate modeling - added values and utility</i> |
|-------------|---|

15:15-15:45 Discussion
15:45-16:15 Coffee break

THEME 3: Chairperson D.Sprinz

16:15-17:00 Keynote Speaker: Dr Laurence Tubiana, Institut du Développement Durable et des Relations Internationales
Making adaptation decisions in the face of uncertainties: state of the art and frontiers.

17:00-17:15 Discussant: Prof Ana Iglesias, Universidad Politecnica de Madrid (via Webex)
Building adaptive capacity to cope with uncertainty

17:15-17:30 Discussant: Prof Mordechai Shechter, University of Haifa (via Webex)
Climate Change Uncertainties: Mitigation vs. Adaptation

17:30-18:00 Discussion

18.30-21.00 *Dinner, EEA Guest canteen*
