The 3rd German – South African Research Lecture Series 2009 aims at promoting research co-operations between the two countries and showcasing best practise examples in state-of-the-art research. The lecture series is presented by the German Academic Exchange Service (DAAD), on behalf of the German Federal Ministry for Education and Research (BMBF).

We cordially invite researchers, academics, postgraduate students, administrators as well as the interested public to attend the talks and discussion.

Refreshments will be served. No reservation required.

AN INITIATIVE OF THE

Federal Ministry
of Education
and Research
